Near Hotel Pacific, Mumbai-Goa Highway, A/P Agave (Sawarde), Tal. Chiplun, Dist. Ratnagiri 415 606 (MS)

Affiliated to University of Mumbai

## "Go Green, Stay Clean"

### **Purpose of the Policy**

The purpose of this policy is to make the college environment clean, green, and eco-friendly. It helps in saving natural resources, reducing waste, and creating awareness among students and staff about environmental protection.

### **Scope and Applicability**

This policy applies to all college areas — classrooms, kitchens, offices, canteen, hostels, and gardens.

It includes all students, teachers, staff, and visitors of the college.

### **Policy Statement**

The college is committed to maintaining a sustainable and environment-friendly campus. We will use energy and water carefully, manage waste properly, and promote greenery and cleanliness in every part of the campus.

#### **1. Legal and Regulatory Framework**

This policy follows environmental laws and guidelines set by:

The Government of India

Maharashtra Pollution Control Board (MPCB)

University Green Audit and NAAC requirements

#### **2. Definition**

Green Audit means checking and improving how the college uses natural resources like water, electricity, and plants to reduce pollution and protect the environment.

#### **3. Accessibility Features**

The college ensures a barrier-free environment with ramps, signage, and proper pathways so that everyone, including differently-abled persons, can move safely and easily.

#### **4. Built Environment Guidelines**

Buildings are designed to use natural light and ventilation, maintain clean surroundings, and include green spaces like gardens and potted plants to support a healthy atmosphere.

#### **5. Training and Awareness**

Regular workshops, eco-club activities, and awareness programs are held to teach students and staff about environmental conservation, waste segregation, and energy saving.

#### **6. Feedback and Continuous Improvement**

Feedback is collected from students and staff to find new ways to improve our green practices.

Suggestions are welcomed for better waste management, water saving, and energy efficiency.

#### **7. Implementation and Monitoring**

Monitoring energy and water usage regularly. Ensuring maintenance of accessibility features like ramps, signboards, and restrooms. Setting clear goals for waste reduction, water saving, and greenery maintenance.

**DATE OF POLICY DEVELOPED - 16/01/2023**
